“Innovative, maintenance free, weather-resistant railing system”

“Enduring style, beauty and strength provide elegant, lasting appeal for a lifetime”

Create a uniquely stylish look with Key-Link Aluminium Railing. The perfect railing for home and garden decking areas.

A combination of style, beauty and strength will help you create a lasting appeal for a lifetime.

“The perfect balance of sophistication and performance”

Utilising innovative, new, powder-coated, weather-resistant aluminium, Key-Link Railing will provide you with the perfect quality outdoor railing to enhance your decking area.

Simple to install and extremely affordable, Key-Link Railing will prove to be the perfect choice for you and your decking area.

“Easy to install and available with a choice of accessories to suit your needs”

Key-Link Aluminium Railing lives up to its name with quality materials and fabrication of this unique flat top aluminium railing.

Heavy wall, extruded aluminum railing sold in boxed sections and offers exceptional versatility.

This aluminum railing is finished with weather-resistant, textured powdered coating in bronze in 36” and 42” heights and 8’ lengths.

With a full complement of easy to install brackets. Step Railing can be installed at 32-36 degrees with the standard step bracket.

Details...

Unique full length PVC inserts in both the top and bottom rails allow a faster “screwless” assembly and create a tight, quiet fit.

Low Voltage LED Light: 4”

Flat Post Cap: 4” covers

Ball Post Cap: 4” covers

Trim Ring: 4” base covers

“The choice really is **simple**”
